Work Experience

RN Hospice Nurse

Agrace Hospice & Palliative Care - Madison, WI

January 2016 to Present

I work in the evenings, nights, and weekends. I respond to needs as they arise, such as pain, dyspnea, new admission, death, or whatever is needed.

Mobile Unit RN

Meriter Hospital

June 2008 to January 2014

In a 45 bed medical/surgical/IMCU unit, provided quality nursing care for pre and post operative or procedure patients, including CABG, valve repair and replacement, thoracotomy, VATS, cardiac catheterization, cardioversion, pacemaker/AICD placement, ablation, and more.

Provided quality care for patients with a wide variety of medical conditions ranging from Congestive Heart failure, kidney failure, anticoagulant therapy, MI screening, diuresis, diabetes acute care, management and teaching, wound care, arrhythmia identification and management.

Medication administration through all modalities: oral, intravenous, central line, intra-muscular, subcutaneous, and feeding tube routes. Infusion therapy for critical patients receiving cardiac stabilizing medications.

Performed complete patient assessments on diverse patient population transferred from ER or directly admitted.

Acted as liaison between patients and families, and physicians, to address problems and patient/family concerns.

Served as patient advocate to ensure that patients' medical and emotional needs were recognized and met.

Facilitated the recovery process through coordination of discharge planning in collaboration with physicians, care managers, nurses, nutritionists, physical/occupational therapists, and social workers.

Educated patients and families in prevention, medication, pain management and home care instructions.
