ACCESS MEDICAL CARE OF MONROE COUNTY , Madisonville, TN	2019 – 2020
PAULDING HOSPITAL FAMILY PRACTICE , Antwerp, OH	2016 – 2019

Family Nurse Practitioner (*Fulfilled similar clinical roles at the above urgent care, walk-in, and family practice clinics*)

- Diagnose and treat a diverse range of dermatology conditions including acne, eczema, rashes/dermatitis, nevi, punch biopsies, hyfreaction of lesions/verruca, cryotherapy, suturing simple/complex lacerations, burn injuries, skin biopsies via punch and shave, incision & drainage of abscesses, stapling wounds, dermabond/adhesive closure, and foreign body removal from ear, nose, and skin.
- Provide the highest quality care for a culturally diverse population, treating patients with complicated diagnoses, and working with uninsured or underinsured patients in several different high-volume, fast-paced settings. Gained extensive experience with telemedicine assessments/treatment.
- Provided preventative services including well-child, adult, and gynecological exams as well as women's health services (contraception, reproductive concerns, family planning), men's health (including testosterone replacement), and treatment of chronic conditions (diabetes, cardiovascular, and pulmonary)
- Served as the only provider at Well Key Urgent Care and worked with other providers with AFC Urgent Care and Access Medical Care during Covid to increase the patient load without overburdening providers and nursing staff.
- Demonstrate adaptability by working on different EMR applications (DocuTap, Epic, Solv for Telemedicine).
- Maintain a high level of organization and time management that has streamlined patient flow in the clinic and optimized patient satisfaction with timeliness of scheduled appointments.
- Recognized by supervisors as a "highly professional team player with great energy who builds a strong rapport with patients and serves as a resource for other clinicians."
- Led efforts for Paulding Hospital Family Practice to provide physicals for high school athletes and provided care to residents at a local area Assisted Living Center.

HOSPITAL CARE GROUP, PC., Fort Wayne, IN**2014 – 2016****Hospitalist Nurse Practitioner**

- Hired immediately after completing M.S. in Nursing and obtaining FNP License to provide hospitalist services to patients at Mercy Defiance Hospital, DuPont Hospital, Henry County Hospital, and Van Wert County Hospital.
 - Learned and adapted quickly to multiple EMR applications (Cerner, All Scripts, Epic) as well as the different patient care and hospital protocols at each location.
 - Provided patient care throughout the hospital including the ICU along with treatment of patients with complex issues including Diabetic Ketoacidosis that were on multiple IV medications.
 - Responded and directed all Rapid Responses and Code Blues at Mercy Defiance and DuPont Hospitals.
-
-

REGISTERED NURSING EXPERIENCE**PARKVIEW REGIONAL MEDICAL CENTER,** Fort Wayne, IN**2005 – 2015****Flight & Mobile Intensive Care Transport Nurse**

- Assessed and provided patient care in critical medical and traumatic conditions working in an autonomous role following Medical Director protocols and making quick decisions to stabilize patients and optimize outcomes.
- Performed procedures including endotracheal intubation's, cricothyrotomy, thoracostomy, needle decompression, intravenous, and intraosseous access as needed to stabilize critical patients.
- Participated in quality and process improvement projects that improved clinical performance, patient care, documentation compliance, and patient follow-up.
- Member of Flight Safety Committee, providing education on scene safety to EMS, Fire, and Police Departments.
- Created and delivered a PowerPoint presentation on helicopter and fire safety to hospital personnel.

PAULDING COUNTY HOSPITAL, Paulding, OH**2010 – 2015****PARKVIEW REGIONAL MEDICAL CENTER,** Fort Wayne, OH**2001 – 2012****MERCY HOSPITAL,** Defiance, OH**2010 – 2012****Emergency Department Nurse** (*Fulfilled similar clinical roles in the ER and each of the above hospitals*)

- Assisted emergency department physicians at each location (including a Level II Trauma Center) as a Patient Flow Coordinator and Charge Nurse by overseeing patient care, staff assignments, and rapid response
 - Optimized patient flow in the ER by ensuring delivery of the highest quality patient care and serving as a liaison with other departments to facilitate diagnostic testing and hospital admissions.
 - Established reputation with physicians and administrators as a strong leader with the ability to facilitate teamwork among the ER nursing team to manage a high volume of patients during each shift.
