### **Agency LVN**

Medstaff Nursing Agency - El Paso, TX

November 2004 to August 2006

in various hospital settings such as rehab and acute care in multiple area hospitals and Juvenile Probation Department. Contract acquired through Medstaff Nursing Agency to work for the Juvenile Probation Department in which I worked full time LVN. Cared for adolescents varying from the ages 11-17 years old. Medical care for conditions including but not limited to pulmonary, renal, GI, GU, and orthopedic. Maintained the plan of care for each juvenile as warranted by the Texas Tech Physician and Psychologist to deliver proper quality of care for each of their needs to analyze the full scope of problems associated with providing appropriate, cost effective care to patient's parents as well as Juvenile Department Ability to effectively communicate orally and in writing with health providers at all levels and negotiates with outside providers/vendors for services and products. Implemented a comprehensive assessment with the supervision of the physician of for health needs in order to develop a plan of care. Educated both the patient and staff members about infection control, healthcare and treatment options, community resources, insurance benefits, Medicaid, and psychosocial concerns, so that informed decisions can be made. Assisted physician(s) with procedures such as toe nail removals, wound care, GYN exams, IV therapy and any other orders given by the physician within my scope of practice as an LVN. Administration and titration of PO medications ordered by the physicians. Also worked in collaboration with counselors, judges, probation and corrections officers to maintain the proper legal aspects of care of the juvenile. I served as patient and family advocate in concerns with their health care and management to help develop, analyze, integrate, monitor, and manage healthcare delivery systems through communication and use of resources in order to promote quality and cost-effective outcomes across the continuum of care for the patient.

Average hours per week: 40 hrs

### **Full Time Licensed Vocational Nurse**

Mountainview Healthcare Center - El Paso, TX

August 2003 to October 2005

in charge of 32 patients in a long-term care facility. Caring for various patients with diseases and conditions including but not limited to pulmonary, cardiovascular, GI, CVA, renal failure, diabetes and dementia. Implementation of orders received by the physician(s) such as IV therapy, collection of blood and bodily fluids, PO, IM, SQ or IV medications and any other orders within my scope of practice. Admission and assessment in correlation with the RN in charge. Evaluation and documentation of any changes in condition of the patient and appropriate action taken based on assessment of the patient. Worked in collaboration with physical and occupational therapy, specialty hospitals CNA's and medication aides. Maintained privacy by protecting confidential information. Served as advocate for patients and family to provide quality care.

Average hours per week: 52hrs

Worked as a wound care nurse, specializing in the use of wound vacs, different kinds of dressings, staging of ulcers, daily skin assessments, aseptic and sterile techniques used for different wounds. Implemented orders given by the wound care physicians from multiple area hospitals. Monitoring each wound daily and referrals made for patients that required HBO or mechanical debridement performed at physician's location or hospital. Organized the continuation of care with multiple home care and/or outpatient facilities according to each of the patient's needs. Teaching the healthcare team at facility proper positioning techniques for the prevention of pressure ulcers. Maintained privacy by protecting confidential information.

Average hours per week: 50hrs
