**Registered Nurse / Advent Health Shawnee Mission - Shawnee Mission, KS**

01/2014 – 09/16/2022

- Administered medications, tracked dosages and documented patient conditions.
- Coordinated care with physicians and other clinical staff to prepare for treatment, carry out interventions and enhance continuum of care to deliver comprehensive services.
- Monitored and recorded patient condition, vital signs, recovery progress and medication side effects.
- Met training objectives by instructing new and prospective nursing staff in clinical skills and organizational procedures.
- Assessed patient health needs by reviewing and tracking EKG readings to address telemetry readings and quickly inform teammates on stability or acuity changes.

- Inserted and managed central, arterial and PICC lines.
- Conducted patient assessments and diagnostic tests to provide physician with important patient health information.
- Instructed patients, caregivers and families on diagnoses, treatment options and self-management to maintain continuity of care.
- Developed and maintained quality care systems and standards, including creating and improving medical protocols and guidelines.
- Acted as patient advocate and implemented total patient care through team nursing process covering 2 to 3 high acuity patients per shift.

**Registered Nurse / Medicalodges - Kansas City, KS**

*04/2010 - 06/2014*

- Coordinated care with physicians and other clinical staff to prepare for treatment, carry out interventions and enhance continuum of care to deliver comprehensive services.
- Administered medications, tracked dosages and documented patient conditions.
- Developed and adapted individualized treatment plans according to patient recovery goals.
- Administered scheduled medications and therapies intravenously, rectally, orally, subcutaneously and via intramuscular injections while overseeing pain management plans.
- Treated patients suffering from chronic and acute medical concerns, including asthma, seizure disorders and pneumonia.
- Managed and provided leadership to help staff with direct and indirect patient care and telemetry monitoring.

**Licensed Practical Nurse / Presbyterian Manor of Kansas City - Kansas City, KS**

*11/1998 - 10/2009*

- Promoted patient satisfaction by assisting with daily living needs such as bathing, dressing, toileting and exercising.
- Monitored patient's respiration activity, blood pressure and blood glucose levels in response to medical administration.
- Answered patient and family questions to educate on optimal treatment procedures.
- Guaranteed exceptional care quality by correctly administering medication, inserting and caring for catheters, dressing and changing wounds and assisting with personal hygiene.
- Collected and documented vital signs to track current patient conditions.
- Educated clients, patients and caregivers on medical diagnoses, treatment options, chronic disease self-management and wound management.

**Certified Nursing Assistant / Presbyterian Manor of Kansas City - Kansas City, KS**

*11/1998 - 10/2009*

- Maintained accurate, timely flow of information by completing thorough patient records and updating healthcare team on patient status.
- Rendered hands-on nursing care under direct RN supervision, adhering to medical center policies and procedures.
- Documented patient intake and dietary requirements, also assisting with feeding and monitoring.
- Collaborated with interdisciplinary healthcare teams to provide high-quality patient care.
- Facilitated activities of daily living, including personal hygiene management, feeding and ambulation.
- Engaged with patient family and friends to provide courteous, efficient visit experience.
