Obtain employment where I can utilize my knowledge and clinical skill set in order to provide the best quality patient care as well as support the goals of the organization.

Work Experience

Registered Nurse, Emergency Medicine

Inova Healthcare Systems, Fairfax Medical Campus - Falls Church, VA

September 2021 to Present

- Demonstrate proficiency in responsive decision-making and prioritization of care in a fast-paced, high acuity Emergency Department and Level 1 Trauma Center.
- Provide care to a wide range of patient populations including rapid trauma evaluations, orthopedic injuries, strokes, myocardial infarctions, arrhythmias, respiratory failure, COPD, sepsis, GI bleeds and renal/liver failure requiring emergent intervention and ICU level care.
- Administer critical care intravenous medications and assist in emergent life-saving procedures.
- Continuously communicate and collaborate with physicians and other healthcare providers to ensure optimal care in a timely manner.
- Mentor and orient new graduates, RN fellows and travel nurses to the unit.

Registered Nurse, Multi-Service Ward (MSW)

United States Naval Hospital Okinawa - Okinawa, Japan

October 2019 to July 2021

- Worked as a registered nurse and charge nurse, providing care for a variety of patients to include:
- Medical-Surgical, Neurological, Ortho, Antepartum, Postpartum, and Psychiatric.
- Newborn, Infant, Pediatric, Adolescence, Adult and Geriatric
- Mentored, trained and oriented new MSW staff and precepted 3rd Medical Battalion Corpsman.
- Implemented the Registered Nurse Peer-to-Peer Review collateral for the unit.
- Taught Code Procedures in Skills Fair and revised daily checks and monthly inventories of the Unit Pediatric and Adult Crash Carts, which improved clinical knowledge of staff.

Monitoring Specialist

Centerfirst - Indianapolis, IN

May 2016 to September 2017

- Organized calls by priority in order to effectively review time sensitive medical provider interactions with patients experiencing possible adverse drug interactions.
- Reported adverse events, medication errors and product packing errors to department managers and the Food and Drug Administration (FDA).
- Developed written documentation of adverse effects, compliance and quality assurance and presented findings to staff for action when appropriate.
- Effectively briefed trends identified in calls that could lead to sub-optimal client service or demonstrate gaps in provider and customer feedback and product response.

- Rituxan subject-matter expert.
