Performs multiple tasks as a charge nurse and floor nurse alike. Proficient in many skills and time management with patient nurse ratio on 7-8:1. Floated throughout the hospital on Tele floor after a few years as per diem staff to continue my education. Worked in Surgical facility for a few years where I learned to be very diverse caring for patients PreOp, in PACU and then admitted inpatient following surgery. Cared for patients who just had Spinal, Joint and Gastric Bypass surgery. Worked doing Home Health for flexibility for a few years and decided to get back into the hospital setting. Worked in a LTAC facility where we managed patients on cardiac drips, ventilators and long term IV administration.

Authorized to work in the US for any employer
