Duke Raleigh Hospital

Emergency Department- Critical Care RN October 07, 2013- April 1, 2015

Full bedside nursing care of 4 acute-to-sub-acute patients. Prioritizing their needs, and mediating with physicians, family members, and other medical staff, while advocating for my patients, to provide the best possible outcome. Triage, admission and discharge teaching, codes and invasive procedures.

Johnston Medical Center, Smithfield, NC

Emergency Department - Critical Care RN January 08, 2013 – Sept 30, 2013

Assessing the more acute needs of the patient and family, ruling out a critical or life-threatening situation, implementing necessary treatments as such, and educating the patient and family regarding follow up care and treatment.

Answering calls for codes and evaluation calls.

Johnston Medical Center, Smithfield, NC

Intensive Care Unit - Critical Care RN July 08, 2012 – January 08, 2013

Performing the primary functions of an RN in assessing, planning, implementing, and evaluating the care of all assigned patients on the unit; also, administering, titrating and/or weaning critical drips to patients' tolerance; answering calls for codes and difficult venous access patients on other floors.

Johnston Medical Center, Smithfield, NC

Emergency Department- CNA-2 June 2009 –June 2012

Monitoring vitals, assisting with triage, 12 lead EKGs, providing admission care, wound care, Foley insertion, removal and care, IV removal and care, urinalysis and lab support, code assistance, blood glucose and oxygen maintenance, patient transfer, postmortem care and more.

Johnston Medical Center, Smithfield, NC

Intensive Care Unit-CNA April 2006 – June 2009

Constant patient monitoring, nursing support with bathing, feeding, blood glucose monitoring, assisting with codes, transfers, 12 lead EKGs, post mortem care, etc.

Experience, cont'd

HealthQuest at Johnston Medical Center, Smithfield, NC

Personal trainer, Group fitness instructor, Cardiac rehab leader March 2006-August 2011

- Assisting clientele to achieve their fitness goals by designing tailored exercise regimens and providing guidance and encouragement.
 - Leading cardiac rehab attendees through an exercise routine while monitoring their response, endurance, and progress.
 - Designing and teaching group fitness classes such as Pilates, kickboxing, step aerobics and strength training.
-

Maternity/Labor Doula - 1996-2009

Providing support, assistance, coaching, fitness and health guidance, and relief to the pregnant and laboring mother.

Worked from home, on call, traveling to location of client's choice at time of training, birth and postpartum.

Activities

- JCAANS through Johnston Community College
 - Member of ENA
 - First Aid volunteering for disaster relief, worship hall building projects and conventions.
-

Personal Data

Married with four sons, one dog, and two cats. My hobbies are reading, gardening, hiking, swimming, and all sorts of travel.
