CAREER SUMMARY

Compassionate and dedicated medical professional with passion for providing attentive services to patients. Proven ability to collaborate with colleagues to foster a friendly and caring environment. Received accolades from supervisors and patients for excellent patient care. Keen observation and attention to detail while providing comforting education of procedures.

PROFESSIONAL EXPERIENCE

New Hampshire Hospital, Concord, NH 07/2021-Present

Mas Medical Staffing/Travel Registered Nurse

- Oversee daily functioning of the mental health unit as charge nurse, directing admissions, discharges and general patient care.
- Provide day to day clinical direction to assigned Mental Health Workers and other para professions staff.
- Multitask and prioritize responsibilities based on the patient's condition.
- Managed patients in active alcohol and opiate withdrawal, administer detox medications and methadone administration.
- Administered oral, SQ and intramuscular mental health medication to patients and monitored response.
- Administer required Covid 19 rapid test and sample collection to clients as needed using proper swabbing technique.
- Used facility EMR system to update patient records.

New Solutions Staffing, Brooklyn, New York, 07/2020-07/2021

Registered Nurse

- Administered Covid 19 vaccine at several mass vaccination sites.
- Performed patient assessment, registration and education for Covid 19 vaccine.
- Monitored Covid 19 vaccine cold chain by recording refrigerator temperature every hour or as needed.
- Trained on Covid 19 vaccine, preparation, storage, handling and administration by the New York City Health.

Comprehensive Nursing Services, Nottingham, MD, 10/2020-10/2021

Registered Nurse

- Provided medical treatment and personal care to adults and pediatric patients in the private home setting.
- Performed duties such as, assessments, blood pressure checks, and cholesterol checks, accuchecks, venipuncture, gastrostomy tube care, tracheostomy care, suctioning, enteral feeds, administer oxygen, maintain cardiac monitors, enemas, suppositories, perform urine catheterization and dress wounds and maintain ventilators.
- Observe the condition of patients then document using electronic charting and report it to the appropriate medical professional.
- Administered oral medication, SQ, IM injections.
- Trained family members to provide basic care and evaluate family's progress.

Wellpath/Correct Care Solutions, Annapolis, MD, 02/2018-10/2020

Registered Nurse/Licensed Practical Nurses

- Assessed the needs of patients with disease processes, medical-surgical procedures and other aspects of therapeutic regimens, manage patients with tracheostomy care, G- tube care, respiratory needs, crisis intervention, triage patients and pain management techniques.
- Managed patients in active alcohol and opiate withdrawal, administer detox medications and methadone administration.
- Provided patient-centered care in a correctional setting: administer medications such as PO, including IV medications, IM, SQ injections, vaccinations, perform wound care and breathing treatments, and respond to emergencies.
- Trained new nursing staff in accordance with facility policies and procedures.

Special Beginnings Birth & Women's Center, Arnold, MD 09/2017-02/18

Licensed Practical Nurse

- Monitored mother's vital signs, monitored fetal heart rate and monitors to assist to gauge labor progression and overall stability of patient and unborn child.
- Prepared mothers and delivery room for birth including setting up trays, instruments and equipment in sterile covering, assisted with required procedures and tests.
- Assessed mom and baby after delivery for expected and unexpected changes in their health condition and responded quickly to drop of changes in patients' health condition
- Administered medications PO, SQ, IM and IV medications prescribed by Midwives.
