Registered Nurse

Sunset Home - Quincy, IL

January 2018 to February 2022

Experienced in care for long term senior patients with dementia attributed to Alzheimer's disease and limited physical mobility. Tracheotomy care including wound-VAC maintenance, wound cleaning and changing catheters and dressings. Administered enema treatments, nebulizer treatments, intramuscular and subcutaneously injections, ophthalmic, gastrointestinal and intravenous medications as prescribed by physician. Monitored blood glucose levels in diabetic patients through use of glucometer and interfaced with laboratories to obtain results of analysis and follow-up on STAT orders. Transmitted pharmaceutical prescriptions for dispensing and interfaced with pharmacist on dosages and refills. Assessed at-risk patients, interfaced with physicians, implemented prescribed protocols and formulated patient care plans as prescribed

Registered Nurse

Blessing Hospital - Quincy, IL

July 2010 to February 2015

Recorded patients' medical history, vital statistics and test results in medical records. Delivered high-quality and compassionate treatment to indigent and low-income patient community. Monitored post-op vitals, set up PCA, fluid, reviewed post-op orders and orient patients to unit. Sound, ethical and independent decision-making ability consistent with medical protocols. Disciplined, energetic employee who quickly establishes rapport with patients and colleagues. Performed all tasks with a patient-centered focus while seeking opportunities for improvement of processes and treatments. Assisted patients with healing and recovery after surgery. Assessed patients in active withdrawal and provided interventions to manage physical and psychological withdrawal symptoms. Provided patient diagnosis under strict time constraints. Provided education to patients on detox and withdrawal, medications, addiction, recovery, coping skills and community resources. Provided necessary health education training for patients and their families. Provided behavioral/emotional and supervision for those with Dementia and Alzheimer". Assisted patients with multiple chronic diagnoses including COPD and asthma. Supported patients with customized patient teaching tools. Evaluated patient care needs, prioritized treatment and maintained patient flow. Accurately documented all elements of nursing assessment, treatments, medications, discharge instructions and follow-up care. Took and recorded patients' temperature, pulse and blood pressure. Utilized strong assessment skills to determine necessary patient care. Provided quality nursing care in accordance with resident care policies and procedures. Worked as part of team to ensure proper care of body mechanics and safety of patient. Often commended for maintaining the safety, respect and dignity of residents. Coordinated with Doctors and Registered nurses to develop care plans for patients. Prepared for HIPAA and JCAHO reviews, ensuring required brochures and pamphlets were available to patients in all clinics. Interviewed patients to obtain medical information and measure their vital signs, weight and height. Tested glucose and administered injections. Skillfully performed suture removals for patients of all ages. Maintained patient charts and confidential files.

Marion County Services for the Developmentally Disabled - Hannibal, MO

Perform paperwork required for monetary transactions. Interview, hire, or train workers. Establish and maintain relationships with other agencies and organizations in community to meet community needs and to ensure that services are not duplicated. Prepare and maintain records and reports, such as budgets, personnel records, or training manuals. Establish work schedules and assignments for staff, according to workload, space and equipment availability. Determine staffing requirements, and interview, hire and train new employees, or oversee those personnel processes.
