A dynamic and self-motivated Registered Nurse seeks to grow years of progressive clinical experience with an industry leading employer. Strong history of success in a wide range of care management, team building and providing quality patient care. Proven record of building rapport, patient relationships and providing cost effective utilization of benefits to improve patient outcomes. Ability to consistently meet and exceed employer expectations. Driven to combine my critical thinking, nursing and leadership abilities to exceed state and regulatory compliance measures. Diligent and goal-oriented, with the skills and hands-on experience needed to make an immediate positive impact as part of a fast-paced team.

Seeking to apply my high-level nursing knowledge to a remote case management position.

## Work Experience

---

### **Registered Nurse**

Bright home health care

August 2018 to July 2021

- Developed and contributed to the individualized plan of care that reflects assessment, planning, implementing, and evaluating the outcomes of that plan.
- Maintained HIPAA regulations for consumer privacy and complete tasks in a timely manner to ensure compliance with NCQA, federal, state, and other regulatory agency standards.
- Ensured effective development & completion of discharge plan including discharge barriers & patient/family education.
- Administered medications, respiratory treatments, trach care, catheters, wound care, suctioning, and other treatment needs.
- Collaborated with physicians and multiple clinical departments to ensure appropriate patient services and follow-up reviews.
- Consistently demonstrates outstanding communication, interpersonal, and administrative management skills.
- Ensured that patient understands medication purpose, side effects, & administration instructions in the hospital as well as at the time of discharge.
- Monitored clients vital statistics and reporting abnormal findings to the case manager and physician.
- Introduced a holistic approach to help care for the patient's body and soul.

### **RN Case Manager for Homehealth Care**

ANI HOMEHEALTH CARE

April 2019 to November 2019

- Instructed patients, caretakers and the family on medication regimens, wound care and dietary restrictions.
- Reviewed clinical documentation, including OASIS and care plan coding.
- Facilitated teaching to patients and their families regarding disease process and progression.

- Identified and provided free community resources to meet the patients' needs and supported families within their homes and communities.
- Coordinated the patient's needs between physicians, and other clinicians across the home care spectrum.
- Well versed in billing procedures and OASIS required by Medicare/Medicaid.
- Worked independently, efficiently and prioritized tasks depending on individual needs and their family.
- Educated patients and families regarding importance of health promotion and disease prevention.
