## WORK EXPERIENCE

### **Registered Nurse** | Adventist Health - Glendale, CA (October 2021-Present)

- Collects relevant data pertinent to the patient's health or situation. Analyzes the assessment data in determining diagnosis and care issues. Develops a plan that prescribes interventions to attain outcomes. Implements the plan, coordinates care delivery, and employs strategies to promote health and a safe environment. Evaluates progress toward attaining outcomes. Identifies outcomes for the patient or the patient's situation.
- Collaborates with the team of patient, family, and healthcare providers in providing patient care in a safe, healing, humane, and caring environment. Provides learning opportunities for patients/family members and team members. Directly provides health information to patients, families, and treatment team.
- Participates in discharge planning in order to provide continuity of care.
- Delegates appropriately and coordinates duties of healthcare team members.
- Performs other job-related duties as assigned.

### **Registered Nurse** | Glendale Transitional Care Center Glendale, CA (July 2021- October 2021)

- Evaluates and monitors patient's response to therapeutic regimen as an ongoing process and addresses findings appropriately.
- Evaluates and monitors the quality of assigned patients' care.
- Follows up when quality concerns are identified.
- Documents patient's response to nursing interventions related to actual nursing diagnoses / problems.
- Evaluates the patient / family level of understanding and alters teaching methodology to improve learning.
- Updates / revises plan of care based on the effectiveness of interventions and patients' change in status as recognized in ongoing patient assessments / reassessment.
