Professional Summary

I am a Registered Nurse with a year of nursing experience in Tele/Step down unit. I would be honored to be apart of an organization where flexibility and high quality teamwork is an essential. Safe nurse patient ratios and patient quality care is a priority to carry on in my nursing career. I am a preceptor at my current work place which gives me the skills assets to teach new graduates. For the ascending of my career I am currently working on my bachelors degree. I plan on obtaining my masters degree shortly after finishing up my bachelors of next year. I am motivated to contribute team success and always willing to take on new tasks. I adapt quickly to new policies and procedures and am thrilled to have an opportunity to join your team.
