Certifications and Licenses

Registered Nurse (RN)

March 2021 to November 2022

I am an international nurse who passed the USA NCLEX exam on March 11th; I graduated in 2014 from my nursing school in Africa (Cameroon) then worked for 4 years and half in hospitals there (neonatology, maternity, medical/surgical, critical care departments) before moving to the USA on June 2019 as a permanent resident with a green card visa.

Currently married to an ex Military Service Member (Navy); Mother of one, I am very hard working, obedient, respectful, punctual, reliable, honest, truthful and opened to corrections because I am willing to learn more.

It will be a great experience for me to be part of your team.

Thanks.

CPR Certification

First Aid Certification

BLS Certification

November 2021 to November 2023

ACLS Certification

May 2022 to May 2024

Compact State Nurse License
