It's my pleasure to share that I have 22 years of Registered Nursing experience. Many of those years spent in mid-level management and administrative roles. Additionally, I hold current certificates in ACLS, BLS, SAFE and TNCC with current and past clinical experience in an Emergency Room with excellent IV skills. Motivated to excel in all aspects of healthcare. Currently available to work full or part time. I'm professional, practical, responsible and have a passion for quality healthcare. I would embrace the opportunity to work as a registered nurse for your company.

Willing to relocate: Anywhere
