Responsible for training staff nurses in use of EMR; clinical training of nurses with new equipment / policies; writing and editing hospital-wide policies and procedures under CURRICULUM VITAE - JENNIFER CARRAHER RNC-OB, PHN, MS PAGE 2 the direction of the nurse manager.

Staff Nurse IV, Triage Lead

Alta Bates Summit Medical Center

January 2010 to June 2022

Staff nurse in a 24-bed Women and Infants unit handling approximately 7,400 deliveries each year. Experience with high-risk antepartum patients, labor support, OR circulation, postpartum care and resource nursing. Primary role: Obstetric Triage Lead. Full-time OB triage nurse responsible for scheduling and training of all OB triage nurses. Responsible for staff training and compliance on stigma, trauma informed care, health disparities, perinatal sepsis, PIVO & EPIC.

Contributing Member & Clinical Mentor

California Maternal Quality Care Collaborative (CMQCC)

January 2019 to December 2021

The Mother & Baby Substance Exposure Initiative, a project of the California State Opioid Response, is a hospital and community-based effort to improve outcomes for mothers and newborns impacted by substance exposure, with a specific focus on Opioid Use Disorder. As a contributing member I have been responsible for tool-kit contributions on Stigma and Trauma Informed Care. As a mentor I meet with clinicians on a monthly basis at nine central CA hospitals to assist with the roll-out of the "Mother and Baby Substance Exposure Toolkit."

Graduate Student Researcher

Department of Family Health Care Nursing, UCSF

January 2009 to December 2011
