Work Experience

RN

Angels of Care Pediatric Home Health - Houston, TX

May 2020 to Present

- planned and implemented nursing interventions and evaluation of patient outcomes.
- Identified and assisted with opportunities for performance improvement activities on the unit and with other service areas.
- Accurately and completely documented all aspects of care given.
- Demonstrated fiscal responsibility by taking ownership of time management, decreasing waste (of time and supplies) and promoting cost effectiveness.
- Demonstrated the ability to be an advocate for and strive to protect the health, safety and rights of the patient.
- Interacted with patients and colleagues to demonstrate compassion and respect for the inherent dignity, worth, and uniqueness of every individual, unrestricted by considerations of social or economic status or cultural beliefs.
- Communicated effectively with other care providers (physicians, nurses, business office, and medical records) to provide for continuity of patient care and to meet the needs of the customers we served

RN

Maxim Healthcare Group - Houston, TX

January 2020 to Present

- Implemented physician's orders in a timely and accurate manner as directed by plan of care.
- Created patient's education packet Including: patient/family/significant other/health care provider in establishing realistic, measurable goals related to health education and treatment plan, seeking assistance as needed from supervising provider.
- Able to meet individual learning and discharge preparation needs by using appropriate resource personnel and approved educational

materials.

- Documented nursing process including patient/family/significant other education and discharge planning in a timely manner.
- Assessed patients response to nursing intervention, anticipates potential changes in patient condition and response to treatment
- Updated assessments on a continuum by recognizing changes in patient's needs and reestablishing priorities for care.
- Able to document competently and proficiently using the nursing electronic documentation in a timely manner
- Participated in established quality control processes to improve efficiency of agency
- Conducted self-assessment of performance and identified my own learning needs.
- Answered consults and made provision for continuity of care with other health care providers
- Delegated care in a safe, efficient, and timely manner
