OBJECTIVE

I would love the opportunity to explore a posted career opportunity for a full-time night shift Labor and Delivery RN/LDRP at Methodist Midlothian Medical Center.

My background has been in L&D, PP, WCS in a hospital acute care setting. Together, I believe we can achieve the best outcome for our patients and communities by providing quality, safe, patient-centered, evidence-based care and customer service in a team environment.

SKILLS

Over 30 years of experience in Labor & Delivery acute care hospital setting as a staff nurse RNC with strong L&D & women's services skills. Experience also includes work in high risk antepartum, postpartum, & normal newborn care. OB triage & OB/Gyn. Scrub & circulate, recovery. Care of patients post epidural, spinal, or general anesthesia. Prior service on PEER Review, Policy & Procedure, Code Blue and Partnership Council/chair position committees. Strong work ethics. Leadership qualities. Organized with attention to detail. Various fetal monitoring and charting systems including OB Traceview and Epic. Committed to providing quality patient care & I embrace cultural diversity. Good customer service skills. Looking for opportunity to grow in a long term career.

QUALIFICATIONS

Registered Nurse, 30 years of experience in acute Care L&D/WCS/PP
Certification Inpatient Obstetrics, RNC since 1994/RNC
