## Additional Information

---

I have worked as a critical care nurse in a burn and wound ICU in Seattle Washington, this position also involved floating to all the ICUs in the large county hospital - Harborview hospital. I have worked as an RN first assist in surgery and have RNFA training. I have vascular access skills including PICC line placement, difficult IV access, rapid response team and code team response.

In my current role I do both the medical management of wide Range of ICU diagnoses but also provide assistance with bedside nursing care and resourcing nursing.
