- Commended for the care of multiple high acuity patients requiring over 6+ titratable trips, bilevel ventilation, massive transfusion, hemodynamic monitoring and extensive bedside procedures.
- Cared for over 40 ventilated patients on a critical care COVID unit. Proficient in proning positioning, management of multiple vasoactive drips, interrogation of ventilators based on arterial blood gasses, and assistance of emergency surgeries.
- Competent in the care of adult patients post op heart transplants, newly placed VADs, and patients requiring ECMO, CRRT, impella pump, IABP, continuous veno-venous treatment, targeted temperature management devices, arctic sun, nitric oxide, and oscillators.
- Recognised by clinical leaders as a nurse who maintains a strong social network fostering a sense of community, support, resiliency building and professional development.
- Highly proficient in EPIC, Cerner, Meditech patient documentation systems.

PROFESSIONAL EXPERIENCE

Medical Intensive Care Unit Registered Nurse PRN	1/2021-4/2021
Medical Intensive Care Unit Registered Nurse Holy Cross Health - Level II Trauma - <i>Silver Spring, MD</i>	8/2019-1/2021

- Served as a staff nurse dedicating over 2,800+ hours of experience caring for high acuity patients with acute illnesses and post surgical care, including but not limited to acute congestive heart failure, acute myocardial infarction, those receiving thrombolytic therapy, trauma, pulmonary hypertension, G.I. bleed's, mass transfusion, respiratory failure, esophagectomy, vascular surgery.
- Played an active role in the onboarding process of potential new hire candidates including participation in the interview panel and RN shadowing experience during interview day.

Joké Jolaoso, BSN, RN, CCRN, CSRN

- Precepted nurses who matriculated onto the unit as successful bedside nurses.
- Active member on clinical audit team, which monitored common hospital acquired infection sources such as indwelling foley catheters, central lines, ventilation care along with auditing of nurse documentation with the goal to have zero hospital acquired infections for the ICU unit.
- Created a revised version of the ICU daily goals checklist -a plan for patients, which prompts caregivers to focus on what needs to be accomplished that day to safely move the patient closer to discharge. Project was reviewed by clinical leaders and upper management and implemented into hospital policy.

Clinical Nurse Supervisor

5/2020-4/2021

Maxim Healthcare Services - *Washington, DC*

- Clinically oversaw 10 patients served from admissions through discharge of clients. Provided clinical oversight and case management as required by regulations including client care coordination and transition management activities across the continuum serving pediatric and adult clients.
- Facilitated the orientation process, competency, skills validation and ongoing evaluation of nursing caregivers. Conducted clinical interviews and participated in hiring decisions in collaboration with Clinical Manager/Director.
- Participated in clinical quality assurance (QA) and quality initiative activities reviewing documentation maximizing efficiency and optimizing patient care.
- Microsoft Office experience working with Microsoft Word, Excel, and Outlook (ability to create, edit, save and send documents, spreadsheets and emails).

Perioperative Registered Nurse

Capital Children's General Anesthesia Dentistry - *Upper Marlboro, MD*

6/2019-4/2020
