My name is Madison M. Hill and I am a nursing student that is passionate about helping others. I graduated this December as a registered nurse, and I have two and a half years of clinical experience as a student nurse at Dyersburg

State Community College. During my clinical time, I learned about evidence-based practice, was taught how to be confident and competent as a soon-to-be new graduate nurse, and I have experienced multiple levels of care for patients of varying ages in action.

I have successfully passed my nclex and received my license as of March, 9th 2022.

Authorized to work in the US for any employer

## Work Experience

---

### **Student Nurse**

Dyersburg State Community College (Jimmy Naifeh Center) - Covington, TN

August 2019 to December 2021

- At Dyersburg state, I have been taught to use evidence based practice when practicing as a nurse.
- I have received hands-on experience, through clinicals, on med-surg, nicu, icu, and picu floors.
- My instructors have taken the time to make sure I am competent in a multitude of skills necessary for a RN. These skills range from putting in a foley catheter to tracheostomy care.

November 2021 to November 2021
