Registered Nurse

Atlanta Medical Center - Atlanta, GA
August 2015 to April 2016

Provide direct care by assessing, planning, implementing, evaluating care and titrating drips of assigned patients in the critical care unit of a Trauma Level 1 Hospital.

Accomplishments

I am capable to provide care on a higher and more critical level of nursing.

Skills Used

This job enhanced my critical thinking skills and my ability to establish good rapport with patients and families as well as my problem solving skills.

Registered Nurse

Medical Staffing Network - Atlanta, GA
July 2015 to November 2015

Provided direct care by assessing, planning, implementing, evaluating care and titrating drips of assigned patients in a LTAC.

Accomplishments

As a per-diem agency RN I knew I had to be organized with good time management skills as well as strong

critical thinking skills. I presented the ability to work as a team player and a preceptor with problem solving

skills. This impact allowed me to have steady and frequent shifts with this employer.

Skills Used

The skills I demonstrated were strong critical thinking skills, strong problem solving skills and the confidence of jumping in and taking control during codes and emergencies.

Registered Nurse

Medical Staffing Network-Jackson Hospital - Miami, FL

October 2012 to June 2015

Provided direct care to patients by assessing, planning, implementing and evaluating care of assigned patients on a Med-Surg /Telemetry unit in a Level one Trauma Hospital.

Accomplishments

The impact I had during this time was the ability to present myself in a professional manner at all times. The ability to multitask and show myself worthy of full-time employment. I was offered full-time employment for this

Level 1 Trauma Hospital but could not accept it due to the fact I was on a contract at the time.

Skills Used

I demonstrated strong critical thinking and problem solving skills.

Registered Nurse

Baptist Healthcare System - Miami, FL

January 2012 to August 2012

Responsibilities

Provided direct patient care by assessing, planning, implementing and evaluating care of assigned patients on a Neuro Step-down unit.

Accomplishments

I was able to complete the 12 week academy and work on a Neuro Step-down unit. I also Participated in interdisciplinary rounds every morning.

Skills Used

I demonstrated strong critical thinking skills, assessment skills and problem solving skills.

Charge RN

Larkin Community Hospital

Responsibilities

As the charge Nurse on a Med-Surg/ Telemetry unit, I had the responsibility to assign patients to a room and nurse depending on the level of competency of the nurse and the compatibility of the patient already in the

room. Act as a preceptor to staff. Made hourly rounds. Always kept the nursing supervisor updated to changes on the unit or patients condition. Anticipated emergencies and assisted in codes. I presented the ability to build

rapports with patients and families as well as addressing patients, families and staff concerns.

Accomplishments

The biggest accomplishment I made on this job was being promoted to a charge nurse 3 months after beginning

employment as "a brand new nurse".

Skills Used

Strong critical thinking, problem solving skills with the ability to multi-task.

Education

Associate in Science in Nursing

Keiser University - Miami, FL
