Willing to relocate to: Cincinnati, OH

Work Experience

Staff RN/Charge Nurse

Walnut Acres - Freeport, IL
August 2019 to Present

Long term care & skilled unit

RN Charge Nurse/Staff Nurse

Generations at Neighbors - Byron, IL
February 2018 to July 2019

Long term care duties, subacute unit. I worked nights, charge nurse

RN Charge Nurse

Oregon Living and Rehabilitation Center - Oregon, IL
March 2017 to February 2018

Typical long term care duties as an RN. I worked nights, as the only RN I was placed as charge nurse for which I gained a great deal of experience that has benefited my role as an RN.

RN Staff Nurse

Katherine Shaw Bethea Hospital - Dixon, IL
September 2016 to March 2017

Typical duties as an ER nurse

Paramedic

Mt. Morris Fire Department - Mount Morris, IL
April 2003 to April 2013

I worked 24 hour shifts with 48 hours off but was expected to help cover the backup ambulance on my days off. I was lead medic on my shift, responsible for the safety & duties for my crew as well as bystanders, family members on each call. I was certified in ACLS, PALS, AND PHTLS. I gained a lot of critical care experience in the field, tenderness & compassion for families when telling them we did everything possible but it wasn't enough. I have had to pronounce time of death in the field & I have saved many lives through the years.
