Work Experience

ICU RN

SSM St. Clare Hospital - Baraboo, WI

April 2012 to Present

Float to other departments. We read telemetry for the hospital. We go primary care for our patients, so we are involved every aspect of there care. We are a small unit so we are excellent team players to assure our patients get the best care. We also round as a multiple disciplinary team. We care for critically ill patients, we intubate and manage ventilated patients.
