EXPERIENCE

Licensed Practical Nurse 06/2007 - 11/2021

Hampton Supportive Care *South Milwaukee, WI*

- Collected and documented vital signs to track current patient conditions.
- Monitored patient's respiration activity, blood pressure and blood glucose levels in response to medical administration.
- Communicated concerns regarding clients' status, care and environment to nursing supervisors, clinical care supervisors and case managers.
- Documented patient intake and dietary requirements and aided with feeding and monitoring.
- Answered patient and family questions to educate on optimal treatment procedures.
- Managed Community Based Facility

LPN Teamleader 03/2005 - 06/2007

Highland Heights *Milwaukee, WI*

- Collected and documented vital signs to track current patient conditions.
- Monitored patient's respiration activity, blood pressure and blood glucose levels in response to medical administration.
- Communicated concerns regarding clients' status, care and environment to nursing supervisors, clinical care supervisors and case managers.
- Documented patient intake and dietary requirements and aided with feeding and monitoring.
- Answered patient and family questions to educate on optimal treatment procedures.

Medicare Nurse 06/1993 - 03/2005

Colonial Manor Nursing and Rehab *WI*

- Verified that elderly patients felt welcomed in compassionate care setting by employing well-honed listening and communication skills.
- Spoke with geriatric patients and caregivers, asking questions to determine illnesses, conditions and current medications.
- Evaluated patients suffering from both chronic conditions like arthritis or acute conditions such as injuries related to falls.
- Discussed benefits of proper nutrition and side effects from medication with patients.

- Requested tests for patients to have taken at labs in effort to rule out specific medical conditions.
