

Kelly Rosalez

Certified Nursing Assistant

1425 S Taylor Apt 2 - Green Bay, WI 54304
krosalez06@yahoo.com - 414-899-8454

CNA with many years of experience. Worked in several diverse settings. Pulmonary care specialty unit, hospital, skilled nursing. I enjoy helping people meet their daily goals and encourage life long learning in healthcare. I am a positive team player with excellent communication skills.

WORK EXPERIENCE

Certified Nursing Assistant

St. Camillus - Wauwatosa, WI - July 2012 to Present

Currently working in a Pool position where I am committed to two shifts per month. St. Camillus campus is a fast paced skilled nursing facility that offers me flexibility to work when needed. My role as a CNA is to do vitals, report resident changes to my nurse, showers, meal times, dressing, range of motion, kiosk, stocking, and transport. Spirituality is a big part of the campus environment.

Certified Nursing Assistant

Top Techs - Wauwatosa, WI - November 2011 to June 2012

Top Techs is an agency that contracts me out to various skilled nursing facilities. They send me to various nursing homes in Milwaukee and West Bend areas. Working with the elderly on Alzheimer and dementia units. My job is currently on the inactive list, but in good standing.

Certified Nursing Assistant

Care-Age of Brookfield - Brookfield, WI - June 2010 to September 2011

Care-Age is a beautiful five star facility. My role as a CNA was to dress, shower, shave, toileting, nail care, hair dresser, communicate with nurses, occupational therapy, physical therapy, dietary. I also had to transport, ambulate, transfer using a hooyer or sit to stand, slide board, pivot stand. worked in rehab as well as Alzheimer/dementia unit. had to fill out mandatory paperwork and work at a kiosk station

Certified Nursing Assistant

Brookfield Rehabilitation and Specialty Care - Brookfield, WI - March 2009 to March 2010

Brookfield Rehab has one of the few Pulmonary Care Specialty Units in a skilled nursing facility. Because of the realm of pulmonary care, communication with doctors, nurses, and the respiratory team is a priority. My job duties included filling oxygen tanks, showered residents on gurneys, weekly weights, reported changes in swallowing food consumption, worked with several quadriplegics, replacing colostomy bags, brushing teeth using a suctioning wand, dressing nail and hair care, tube feeders. This is a fast paced environment that functioned as a mini hospital unit.

Certified Nursing Assistant

Golden Living Centers- Heritage Square - Greendale, WI - June 2008 to November 2008

Golden Living is a beautiful facility that had three units. Complex catered to accute patients, Emerald has private rooms that looked more like a hotel wing, and Rehab for people there to get ot/pt therapy. I worked on 2nd and 3rd shifts so customer service was a major component to my job there. They did not have a dining room so everyone ate in their rooms. I also worked all three wings so I helped with bathing, dressing and

passing trays, anything Our residents needed I was able to either help or communicate to the person who was able to help.

Patient Care Specialist

Ashland Health and Rehab Center - Ashland, WI - March 2008 to June 2008

Ashland health and Rehab overlooked Chequamegon Bay in northern Wisconsin. The facility was an old boarding room house that the sailors stayed in when they arrived in the port. Many additions were added and it became a nursing home. My duties at this skilled nursing facility were feeding, showering, transferring, transport to dining rm, hand out HS snack, dressing and get people ready for bed. Take to ot/pt, ambulate, paperwork and communication with staff concerning changes in behavior, consumption or swallowing.

Dairy Associate

Walmart - Ashland, WI - July 2007 to December 2007

Everyone loves Walmart and I worked at one in the North woods. Worked with a good group of people in the Dairy dept., which meant I spent my days bundled up in the refrigerator. I would unload pallets off the truck and transport to our dept. Then start unloading and stocking shelves in the back, on the floor I had to check the date codes to make sure outdated product was not sold and then rotate the product. While doing customer service I met the D.O.N for Ashland rehab Nancy Scott-Swanson. If you ask her how she met me she will tell the cute story.

Certified Nursing Assistant

Lindengrove - Milwaukee, WI - November 2005 to July 2007

Lindengrove is a nice facility in a country setting nestled in New Berlin, WI. I worked on the dementia/alzheimer unit and transported residents to their memory care activities, helped with dressing, eating, toileting, hair and nail care, tube feeders, showering, special programs for Christmas, Easter and etc.

Patient Care Assistant

Dr. Tammy Hodo - West Bend, WI - November 2003 to November 2005

Dr Hodo and her husband Lt. Colonel Linnen Hodo lived in West Bend, WI, where I cared for their mother Flo who has the beginning stages of dementia. I basically helped Flo with meals, companionship, toileting, dressing, showering, games, light housework, watch jeopardy and the wheel of fortune. during the day while her family was away at work and school.

Patient Care Assistant

Froedtert Memorial Hospital - Milwaukee, WI - March 2002 to May 2004

- Bathed, dressed and undressed patients with personal respect.
- Changed bed linens, ran errands, directed visitors and answered telephone.
- Draped patients for examinations and treatments while remaining with patients.
- Transported patients, using wheelchair and wheeled cart and assisted patients to walk.
- Turned and repositioned bedfast patients to prevent bedsores.
- Served and collected food trays and fed patients requiring help.
- Worked in various areas to promote learning and growth as well as assisting efficiency within the organization.
- Areas of experience: Oncology, BMT, Urology, Orthopedics, Surgical Units, Neurological ICU, Mom and Baby floor, Spinal Cord Injury Center, and Rehabilitation. Ensured safety and policy enforcement while on Suicide Watch.
- Displayed a team approach with flexibility and professionalism.

I also did vital signs and had ALL paperwork done by 5AM when the Resident Doctors did their rounds

Electronics Assembler 1

Microelectronic Modules Corp - New Berlin, WI - July 1995 to February 2002

- Certified in many areas which include Lasers, Testing, High Speed Pick and Place, Shearing.
- Fuse Cell, Hand Dipping, Wave Cell, Blue Print reading, and any other aspect of MMC's operations.
