## Work Experience

---

### **LPN (Licensed Practical Nurse)**

Country Lane Memory Care Assisted Living - Riverton, IL

May 2020 to Present

### **Charge Nurse**

The Villas of Sherman

January 2019 to July 2019

#### **Job Duties:**

As a charge nurse at The Villas I was responsible for the care and oversight of patients on a busy long term rehabilitation wing. I administered medication, performed patient assessments, did Medicare A charting, and supervised CNA's in their duties.

### **Floor Nurse**

Brother James Court

January 2017 to October 2018

As a floor nurse at Brother James Court I was one of 2 nurses overseeing the care of men with developmental disabilities in a long term care setting. I administered medications, performed quarterly assessments, did insurance authorizations and supervised Direct Service Personnel in their duties.

### **Physician Substitute**

Octapharma Plasma Center

November 2014 to December 2015

As a Physician Substitute at Octapharma Plasma I was responsible for performing medical evaluation of potential plasma donors, determining suitability of new applicants in consultation with the donation center physician, providing limited emergency care in response to donor adverse reactions, reviewing normal and abnormal test results to determine continued donor suitability, counseling donors with abnormal test results and deferring accordingly.

### **Clinic Nurse**

Springfield Clinic

March 2014 to October 2014

As a LPN at Springfield Clinic I had the opportunity to work in a variety of settings, caring for a diverse patient population. My job duties included, but were not limited to assisting in the management of patients with chronic illness, management of pre-visit planning by reviewing charts to ensure the physician had the most up to date and thorough clinical understanding of patient's health status and needs prior to their appointments, accurate and thorough transcription of assessments, care plans and orders completed during visits to the official medical record, identification and prioritization of tasks

to ensure follow through care was completed, phone triage, administration of medications, and patient education including injection training and chronic disease management.

### **Case Manager**

Community HealthCorps

December 2010 to January 2012

As a case manager and care coordinator for Community Healthcorps I had the opportunity to help the medically under-served population in many different capacities. My responsibilities included (but were not limited to) community outreach, care coordination, medical case management, oversight of cervical and colon cancer screening programs, data tracking and analysis, and management of the Reach Out and Read program.
